2020
PRODUCT
GUIDE

CHECK OUT WHAT'S NEW FOR 2020

According to the Centers for Disease Control and Prevention in the USA, the number of new cancer cases will rise by nearly 24% for men and 21% for women in 2020 (compared to 2010). This rising prevalence of cancer and cardiovascular diseases creates a greater need for computed tomography (CT) scanning devices and equipment. The global CT market is expected to grow at a rate of 3.9% through 2022.

Techno-Aide is focused on this expanding market for 2020 and ready to provide the right solution for nearly every need. With a continued focus on accessories, patient comfort and safety, Techno-Aide is here to help you at every turn! Shop this catalog to see the best options to meet any and all daily needs.

Portable Blanket Warmer Bags

With AC or 12V Power Supplies

Designed for radiology and CT departments, these specially insulated blanket holders keep blankets warm. The durable and washable nylon exterior bag features a handy hook and loop closing flap. The removable interior heating elements keep the temperature at a steady 130° - 140°F when plugged into an optional, low voltage power supply. These lightweight and portable bags are designed and assembled in the USA and come with a 1-year warranty.

Blanket Warmer Cabinets

Designed for radiology and CT centers. These stainless steel blanket warmers are adjustable from 98° to 180°F (37° to 82°C) with the help of an intelligent 4-digit LED controller. With no moving parts and an audio-visual temperature alarm, these heavy duty units are designed for safety and built to last. All three units come with hospital grade power cords. The two largest units include locking casters. Operational at either 120VAC or 220VAC. All units are UL & CSA approved.

CT/PET Resting Chair

Keep your patients comfortable with the right injecting/resting chair for your facility. This recliner comes in a beautifully designed package. Ideal for environments where patients need to sit and relax for long periods of time, such as Oncology and PET Centers. This recliner makes the care, treatment, and recovery of patients more comfortable in an array of clinical settings. Upholstered arm option is also available to replace currently shown wood arms. Features high density foam in the seat, back and armrests for maximum patient comfort. Recliner mechanism features dual gas cylinders for a smooth power assistance during back adjustment and Trendelenburg activation.

Comfort Table Pads

Designed to provide the optimal comfort for patients. Perfect for long examinations. Patients often complain about being uncomfortable during exams and a significant part of their discomfort relates to the mattress pads currently available for imaging tables. Current table pads were not developed with the purpose of maximizing patient comfort nor do they utilize the latest technology that is available today. This unique visco-elastic material is specifically formulated to maximize patient comfort in a thin form factor. This heat sensitive material molds to the patient's exact body shape and contours to evenly distribute weight and pressure. Pads feature a permanent anti-microbial agent with cover seams sewn using coated nylon thread to minimize the risk of any biological contamination. Pad covering is a breathable waterproof polymer fabric that's easy to clean with a standard disinfectant. Pads are resistant to stains and are latex free and have excellent radiolucent quality. To increase safety, all pads have an anti-slip undersurface to keep the pads in place while patients are getting on/off the table.

CT Table Slickers

Clear poly film, micromatte vinyl protective cover that is designed to fit over CT table pads that come with your table. They are manufactured to resist contamination of the cradle and interior of the imaging table and allows for a quick clean up of blood and bodily fluids and reduces contaminant buildup in hard to clean areas. Flaps prevent contaminants from getting into other hard to clean areas of a table. Such as: table electronics, drives and hinges.

These slickers are designed to fit the original pad precisely. Latex free and easy to install. Comfortable for patients. Will not interfere with normal CT table operation. Slickers utilize a flap system that is integrated with table safety belts to prevent contamination of CT tables.

If you are covering a non-original table pad, please provide the pad dimensions before placing your order to make sure the slicker cover will fit your pad properly.

CT Table Cushions

Designed to enhance infection control practices in the CT room. Reduces cleanup times and equipment maintenance. Foam cushion is permanently welded with thermo-sealed seams inside the protective slicker cover, offering contamination resistance of the cradle and interior of the imaging table. The unique flaps prevent contaminants from getting into other hard to clean areas of a table such as threaded surfaces, corners, table joints or cradles, internal electronics, drives and hinges. Cushions are fully enclosed. No need to worry about fitting an existing table pad. Designed to fit the original equipment table specified by machine, these slicker cushions eliminate the fit problem. The most inexpensive way to renew the table pad and cover at once. Allows for a quick clean up of blood and bodily fluids. Reduces contaminant buildup in hard to clean areas. Fluids and contrast are unable to penetrate into the cushion and table. Made of heavy clear micromatte vinyl and top grade foam, fit perfectly to your specific CT table. Easy to install and does not affect normal table usage.

Features

- Improves table sanitation allowing quicker cleanup
- Reduces contaminant build-up in hard to clean areas
- Reduces table maintenance over time
- Increases system uptime and productivity
- Built to fit original equipment pads precisely!
- Available for nearly every make and model!

Universal Restraint

Universal clamp fits most imaging tables. 6" x 52" or 10" x 72" nylon strap firmly and comfortably holds the patient to the table with hook and loop closure. Brackets are stainless steel for long life.

CAT.#	Width x Length	Price
RDS-12	6" x 52"	\$168.00
RDS-22	10" x 72"	\$205.00

Elastic Immobilizer

6" wide strap is designed for superior stability. Strap extensions then cross over patient where they are secured with "hook" and "loop" closure. Three standard lengths; custom available.

CAT.#	Width x Length	Price
RDF-084	6" x 84"	\$54.00
RDF-096	6" x 96"	\$58.00
RDF-120	6" x 120"	\$116.00

Traction Hand-Hold Straps

Straightening the legs easily applies traction. Hook and loop hand-hold straps provide secure grip.

MANUAL #RDT-HN | \$104.00 **Hand-Hold Straps**

Traction Hand-Hold Straps

Primarily for elderly or unconscious patients. Rigid foot plate provides stable, steady support.

AUTOMATIC #RDT-SH | \$168.00 **Buckle Straps**

Lowens shoulders for cervical imaging!

Regular Transfer Board

Allows safe and efficient transfer of patients for general imaging, MRI, and CT. Semi rigid slick material makes positioning under the patient easy. Transfer boards are radiolucent and can be used in the imaging field. Conveniently located handgrips allow optimal movement. Boards are made of durable high density polyethylene. Color: White. MR safe. Has a 3/16" thickness. These boards ship at Oversize Rates.

REGULAR BOARDS (white)

CAT#	Dimensions	Description	Price
TBS-2372	23"(w) x 72"(l)	standard	\$198.00

Multi-Modality Skin Markers

Provides an accurate reference point for CT, MRI, Therapy, Nuc Med, and PET procedures. Does not indent into the tissue or produce unwanted artifacts. These versatile markers can be used for marking masses, pain location, biopsies, or other areas of interest. Perfect for any modality with a clear accurate reference point. Easy to secure in place. Easy to remove. Manufactured with a medical grade adhesive. MRI safe. Disposable. 50 per box.

CT / MRI

No center hole; appears as bright object on CT and MRI scans. Also highlights areas of interest for radiology and mammography.

CAT# MM3007 | \$278.00
50 markers per box

CT / MRI / THERAPY / RADIOLOGY

2mm center hole suitable for conventional hypodermic needle. Highlights area of interest for Oncology and Radiology.

CAT# MM3005 | \$245.00
50 markers per box

CT / MRI / NUC Med / PET

2mm center hole suitable for injection of radioisotope. Highlights area for Nuc. Med., PET, CT and MRI.

CAT# MM3003 | \$333.00
50 markers per box

Disinfectants for CT

Facilities should establish and comply with a system to disinfect CT equipment and accessories after each use. Improved adherence to hard hygiene standards has shown to terminate outbreaks in health care facilities. It has also shown to reduce overall infection rates. Protect your patients and employees with these top selling disinfectant wipes.

SANI-CLOTH® AF3 Alcohol-Free Wipes

Contains an excellent range of effectiveness. Cleans, disinfects, deodorizes & fragrance-free. Alcohol content: ALCOHOL-FREE (less than 0.016%). Recommended Contact Time: 3-minutes or less. Commonly used for **most IMAGING EQUIPMENT**. PLUS daily use items like table pads, sandbags, coated sponges, transfer boards, aprons, shields, vinyl straps... you name it. Meets CDC, OSHA and CMS Tag F441 guidelines.

CAT.#	Wipe Size	Quantity	Price
GWP-WAF	6" x 6.75"	Tub of 160 wipes	\$20.00
GWP-WAFCS	6" x 6.75"	Case of 12 tubs	\$235.00

SANI-CLOTH® BLEACH Wipes

Ideal for disinfecting high risk areas endemic with Multidrug-Resistant Organisms, Clostridium difficile spores, Norovirus, MRSA, and 50 other pathogenic microorganisms. Recommended Contact Time: 4-minutes. Compatible with a wide range of surfaces and equipment. Meets CDC, OSHA and CMS Tag F441 guidelines with a 1:10 bleach dilution.

CAT.#	Wipe Size	Quantity	Price
GWP-B12CS	6" x 10.5"	12 tubs of 75 wipes	\$308.00
GWP-BB14CS	7.5" x 15"	6 tubs of 65 wipes	\$224.00

EASY SCREEN™ Cleaning Wipes

Touch-Screen cleaner that "works at the speed of technology." Rapidly cleans dirt, grime, fingerprints and smudges from healthcare equipment. Helps prevent cross-contamination with a 70% isopropyl alcohol (IPA) solution. Commonly used for **Touch-Screens, Tablets, Lighting, and most other imaging equipment**. Effectively treats acrylic, polycarbonate, glass, stainless steel, and more.

#GWP-ESW | \$216.00
(12 tubs of 70 wipes)

SANI-HANDS™ Hand Disinfectant Wipes

#1 hand sanitizing wipe in Healthcare! Contains 70% ethyl alcohol and proven to kill 99.99% of germs. Effective against MRSA. Proven to remove dirt and soil better than gels and foams. Clinically proven to moisturize the skin after repeated use. Food code compliant. Safe to use before eating and drinking. 15 second contact time. Significantly more effective than alcohol-based gels.

#GWP-B65CS | \$108.00
Case of 6 tubs

Flex-Guard (Hook & Loop)

Front Protection apron with flexible stretch criss-cross back and **Hook and Loop** closure on the front. Excellent fit for full day imaging protection by providing less weight on the shoulders and snug fit at the back. Double-fold binding for strength and tear resistance. Free dual pocket to store an attached thyroid collar and a separate pocket for other items. Concealed shoulder pads for extra comfort.

Attached Thyroid Collars Info

All Attached Thyroid Collars include:

- 1) A snap ring for easy collar attachment.
- 2) Attach anytime with tethered strap.
- 3) Unique 2-in-1 pocket design.

[store collar in one pocket and use other pocket for accessories]

Thyroid collars are 6" tall x 6.5" wide, with a 24" strap.

Attached Thyroid option and our 2-in-1 pocket design!

Buckle Closure Add-On

If you prefer buckle closure to regular hook & loop, add "-B" to any of the collar numbers above and add \$5.00 to the price.

(Ex.: TYR-B would be \$49.00)

Buckle closure add-on available!

Techno-Aide Best Fit Sizing Guide

Techno-Aide Sizing Charts are based on universal body sizes. But let's face it... nobody is average! A great apron won't fit like a pair of jeans or a suit. **Aprons are meant to fit multiple body types and sizes!** So, in order to get the "Best Fit for You," please consider the following when measuring yourself for a standard garment:

PROTECTION IS PRIMARY: Why are you wearing an apron? Protection from radiation! At Techno-Aide, we understand that comfort is important, but never as important as protection. Our aprons are designed to keep the user safe above all else. But who says you can't add a little style and comfort along the way?

CIRCUMFERENCE CONSIDERATIONS: When measuring for a Front Protection Apron, measure from one side of the widest part of your body, around to the other side - the actual distance you want protected. Then, tell us if that measurement is your chest, tummy, or hips.

HEIGHT CONSIDERATIONS: In relation to your circumference, do you have a long or short torso? We want to make sure that you are adequately protected!

Front Protection Apron			
Size	Front Width	Length	Circumference
Petite	20"	32"	< 36"
Small	21"	34"	< 40"
Medium	22"	36"	< 44"
Large	24"	38"	< 48"
X-Large	26"	40"	< 52"
2X	28"	40"	< 56"
3X*	30"	40"	< 60"

Vest (Male) & Full Wrap-Around			
Size	Chest/Tummy	Vest Length	Full Wrap Length
Petite	35"-36"	19.5"	32"
Small	37"-38"	20"	34"
Medium	39"-41"	21"	36"
Large	42"-44"	22"	38"
X-Large	45"-49"	23"	40"
2X	50"-54"	24"	40"
3X*	55"-59"	24"	40"

Vest (Female)				
Size	Bust	Waist	Hip	Length
Petite	33"-34"	< 31"	35"-36"	19"
Small	35"-36"	< 33"	37"-38"	19.5"
Medium	37"-38"	< 35"	39"-40"	20"
Large	39"-41"	< 39"	41"-43"	21"
X-Large	42"-44"	< 41"	44"-46"	22"
2X	45"-49"	< 46"	47"-51"	23"
3X*	50"-54"	< 51"	52"-56"	23"

Skirt and Kilt			
Size	Waist	Hip	Length
Petite	25"-27"	32"-34"	19"
Small	28"-29"	35"-36"	19"
Medium	30"-33"	37"-40"	20"
Large	34"-37"	41"-44"	21"
X-Large	38"-41"	45"-48"	22"
2X	42"-45"	49"-52"	22"
3X	46"-50"	53"-57"	22"

Notes About Measuring!

Sizes shown for apparel (other than front protection) are **ACTUAL** body measurements.

All lengths are from the **sternal notch or waist** downward, depending on the garment.

One Size to Fit Them All!

Don't get hung up with complicated customization!

Standard sizes are designed to fit nearly every body type. **As shown to the right**, our standard Large Flex-Guard can be worn properly by three people with completely different body types!

Use our expert guides to find the perfect size today!

*Each person is wearing a standard (non-custom) large Flex-Guard apron appropriately. Photos provided to show standard sizing fit. Apron shown in default 61-Sapphire material.

E-Z Roll, 3" medical grade, swivel, locking casters!

Easy-Clean H-Base!

(Aprons sold separately)

Wall Mounted Apron Racks

Ten or five swing-arm wall-mount apron racks. Mounting holes on 16" centers. All-steel durability with white enamel finish.

10-Arm #ARW-10 \$436.00

5-Arm, Swing Right #ARW-R5 \$260.00

5-Arm, Swing Left #ARW-L5 \$260.00

Glove Adapter

Retrofits to Mobile Rack. Holds six (6) 18" gloves.

#ARG-06
\$103.00

Apron/Glove Racks

Designed for one apron, but will hold more. All steel, heavy duty construction and a white finish. 16" & 24" holes match most wall studs. Glove holders mounted onto back panel. 28.5" long x 1.75" diameter bar prevents creasing.

WITHOUT GLOVE HOLDERS

#AGR-105
\$187.00

WITH TWO GLOVE HOLDERS

#AGR-110
\$251.00

WITH FOUR GLOVE HOLDERS

#AGR-115
\$272.00

Apron Peg Racks

Help extend the life of your aprons. Our apron racks are just the thing for you! 6" angled pegs keep garments from slipping. All-steel white enamel finish.

Custom sized racks may be available!

2-Peg
(for 1 apron)
#ARP-02
\$72.00

4-peg
(for 2 aprons)

FREE Protective Apparel Tracking and Inventory System!

Exclusive from Techno-Aide!

All new Techno-Aide garments include a scanable QR code for automatic tracking. Upload garment data into your unique ApronHub portal for permanent inventory management. Receive alerts for inspection dates through a customizable format. Retrofit QR code tags onto your existing Techno-Aide or non-Techno-Aide garments. Track inspection history, location, user, etc., through a customizable reports menu. 2D Scanners are available through Techno-Aide or you can use your own 2D-scanner. ApronHub has everything you need to quickly and easily meet the highest QA standards. For more information visit www.apronhub.com today!

Accessories

Tools for Scanning and Labeling Protective Apparel

Stay one step ahead of the inspectors and enhance your QA! All new garments manufactured by Techno-Aide include a scanable QR Code Serial Number label for automated or manual tracking. However, we realize that you may have older, unlabeled garments or garments from another manufacturer. To update all your protective garments, we have designed this retrofit labeling kit so that your garments can be tracked utilizing the most up-to-date tracking technology available.
