

## NEW SERVICE

Techno-Aide is proud to announce we now offer White Glove Service. This is great for facilities that need extra services. More than what your traditional freight company can offer. It provides you that extra attention to help deliveries go smoothly. We have partnered with an amazing company that we are excited to work with. What does White Glove offer?

### White Glove offers a wide variety of services to meet your needs:

- Full service professional project managers handle every detail of your project from start to completion.
- Multiple locations provide you installation across the county.
- Items can ship directly to the installation company.
- They will work with you on a time that works best for you to receive the product.
- Once the item is at your location. They will unbox/uncrate the item. Remove and haul off all debris
- Then have the capabilities to deliver the product to the location of your choice inside the facility. (maximum 2 flights of stairs)

Prices will vary depending on the services you need. Please feel free to reach out to **customer service at 800-251-2629** or email [shelia@techno-aide.com](mailto:shelia@techno-aide.com) with any services/question you may have.
