APRON.HUB

Techno-Aide's revolutionary **FREE** lead tracking system. Now with built-in SmartID® data import capability!

WEB-BASED ACCESS

All you need is a free login and internet access! No specialty software required. Quickly and easily access apron data from virtually any device when and where you need.

UNIVERSALLY COMPATIBLE

No proprietary hardware required to track and manage your inventory. Built to work with virtually any QR/barcode scanner!

ACCOUNT CUSTOMIZATION TOOLS

Fully customize employees and locations as you need! Setup, change, delete and manage employee access and facility and health system locations at any time. Quickly assign or reassign inventory to specific locations and employees as needed.

CUSTOM REPORTING

Filter and export inventory reports right in Apron Hub! Create data reports as broad or as narrow as needed. Quickly export, save, and print customized reports directly through the Apron Hub platform.

ONE-OF-A-KIND MASS IMPORT

Facilities of any size can quickly and easily mass import inventory data directly through the user portal. Apron Hub now features a unique SmartID import tool. No need to manually copy data, immediately import SmartID inventory with our automated mapping tool!

INDUSTRY FIRST DIGITAL RETAGGING

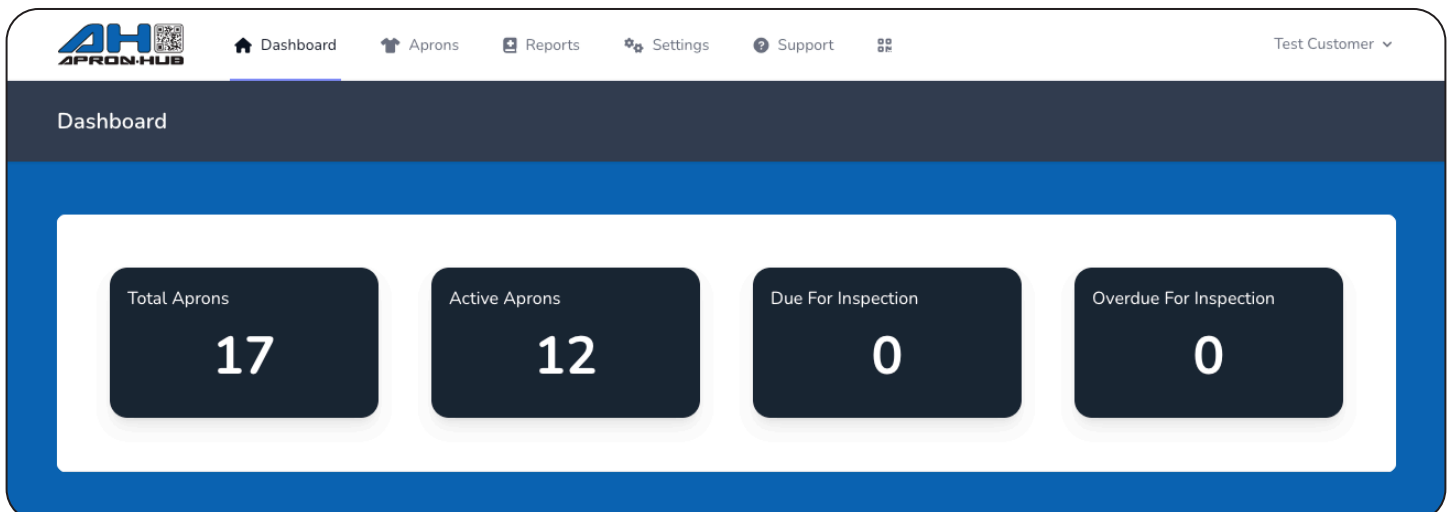

Apron Hub now features an industry first digital retagging tool built right into each product page. Completely skip the time and headache of retagging aprons by using the built-in QR/UPC association tool to link ANY existing QR/UPC tag to an Apron Hub product page!

CLOUD-BASED SECURITY

All Apron Hub data is safely and securely stored on redundant cloud storage drives for top tier reliability. Built to scale for growth as needed no matter the facility or health system size.

NO COSTS... EVER!

Techno-Aide proudly offers Apron Hub as a free service with no features locked behind paywalls or purchasing agreements. Simply sign-up for a free account at any time and start using all Apron Hub services today, **no strings attached!**

FRONT PROTECTION APRONS

EZ FRONT APRON

Techno-Aide's **EZ Front Aprons** are a straightforward and cost-effective solution for radiation protection. The crisscross strap design and included shoulder strap evenly distributes weight between the shoulders and back for increased comfort. EZ Front Aprons feature convenient unisex sizing, precision-cut necklines, and premium shoulder-pads for extended comfort and durability. Available with **0.35mm Pb** or **0.5mm Pb equivalent front protection** and your choice of three media options: Regular Lead, Lightweight Lead (composite), or our premium Super-Lite® Lead-Free. Choose from either hook & loop or buckle closures at no additional cost. All Techno-Aide aprons include free embroidery/monogramming (see pg. 22 for details) and a convenient thyroid buckle tether.

SIZE CHARTS

Techno-Aide's one-of-a-kind **EZ Fit Sizing Tool** quickly and accurately fits people of all shapes and sizes into the perfect Techno-Aide apron size without the need for measuring tapes. However, use the provided measuring charts to verify your fit if a measuring tape is the only available option.

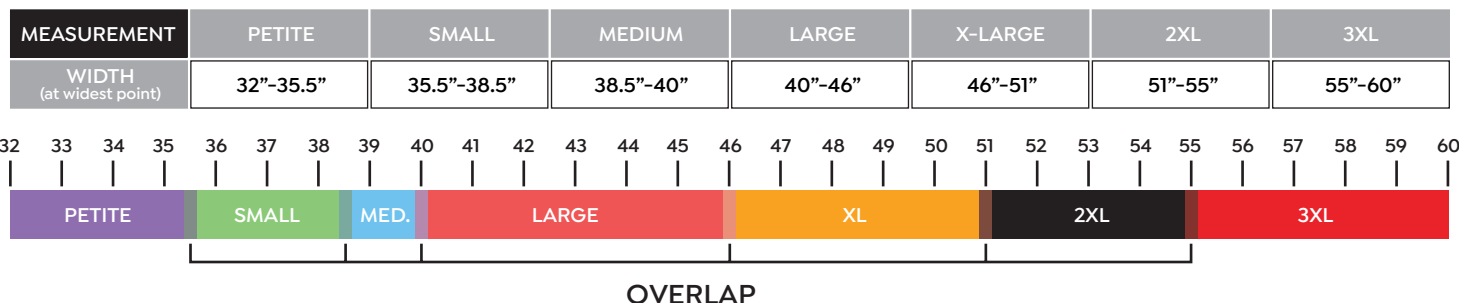

Techno-Aide standard aprons (front, full wrap, vests, & skirts) are fit using two measurements:

- **Width** measured at the **widest point of the body** applicable to apron style
- **Length** measured applicable to apron style

Visit Techno-Aide.com/ez-fit-sizing-tool for step-by-step measuring instructions and to order your sizing tool today!

SPONGES & POSITIONING AIDS

CLOSED CELL SPONGES

Techno-Aide's closed cell sponges are the ultimate option in positioning aids! The liquid resistant and artifact free material offers every advantage of traditional coated sponges with ZERO of the traditional drawbacks! Durable, lightweight and cleanable, these non-porous positioning aids offer highly radiolucent and artifact free imaging without the need for expensive coating. Techno-Aide's closed cell sponges are the future of positioning aids!

CLEANABLE • LIQUID PROOF
ARTIFACT FREE

VINYL COVERED SPONGES

Techno-Aide's premium vinyl covered sponges offer superior durability and comfort during longer imaging studies. These extremely durable and easy to clean vinyl covered sponges feature soft and flexible foam interiors for increased patient comfort. Techno-Aide's vinyl positioners feature completely sewn and sealed seams and edges, creating a totally sanitary and non-porous surface to prevent liquid absorption and cross-contamination between patients.

COATED & NON-COATED SPONGES

Techno-Aide's coated and non-coated sponges offer excellent positioning support at an affordable price. High quality and durable foam provides added patient comfort and helps achieve perfect positioning during imaging. All Techno-Aide coated sponges feature a proprietary, sprayed-on, non-porous coating that creates a cleanable and flexible green exterior.

SPONGE IMAGING EXAMPLES

NON-COATED at 90 kVp

COATED at 90 kVp

VINYL at 90 kVp

CLOSED CELL at 90 kVp

A BRIEF GUIDE TO POSITIONING SPONGES

Non-Coated

\$

YFBT

- Basic (core) piece of porous (open cell) foam, no cover
- No cleanable surface
- Not resistant to fluids
- Not considered durable
- Highly radiolucent
- Artifact free
- Most inexpensive option on average
- Some shapes available in “Stealth” design to reduce the chance of artifacts

Coated

\$\$\$

YCBT

- Open cell foam covered with proprietary medical-grade coating
- Cleanable surface
- Resistant to fluids
- More durable than basic (core) foam
- Semi radiolucent
- Can be artifact free
- Second most expensive option on average
- Some shapes available in “Stealth” design to reduce the chance of artifacts

Vinyl Covered

\$\$\$\$

YVBT

- Open cell foam covered with completely sewn vinyl cover
- Cleanable surface
- Resistant to fluids
- Extreme durability and comfort
- Semi radiolucent
- Not artifact free (sewn seams will show during most imaging)
- Most expensive option on average
- Not available in “Stealth” design

Closed Cell

\$

YXBT

- High density, crosslink (closed cell) foam
- Cleanable surface
- Entirely resistant to fluids/liquids
- High durability
- Highly radiolucent
- **Artifact free**
- No coating/cover required!
- Second most inexpensive option on average
- “Stealth” design not necessary

UNDERSTANDING “STEALTH” SPONGES

Non-Stealth or “Traditional” Sponges

Sponges formed and cut into traditional shapes, typically featuring standard right angles. This type is the most common style across all positioning sponges. Right angles typically show as artifacts during imaging when a form of coating or covering is applied to the core sponge.

Stealth or “Flared” Sponges

Traditional sponge shapes reformed with proprietary “flared” sides, removing most right angles. This **patented** design helps significantly reduce the chance of artifacts during imaging. Flared sides increase the overall size of the sponge, typically at the base of the product.

TABLE PADS

ECONOMY TABLE PADS

- Economic option for patient comfort and stability
- Ideal for x-ray tables or stretchers
- Available in universal lengths and widths to fit most standard imaging tables
- Tapered ends with optional brass grommets to hang pad when not in use
- Made from radiolucent foam and vinyl material
- **Easy to clean and sanitize!**
- Available in two premium foam types
- **NEW Premium Gray Vinyl coming Spring 2023**

STANDARD TABLE PADS

- Upgraded vinyl provides a more durable pad
- Perfect for x-ray tables and stretchers
- Increases patient comfort and stability
- Available in universal lengths and widths to fit most standard imaging tables
- Tapered ends with optional brass grommets to hang pad when not in use
- Made from radiolucent foam and vinyl material
- **Easy to clean and sanitize!**
- Available in two premium foam types
- Choose from Black or Blue comfort vinyl, or our impact resistant Techno-Tuff™ Black vinyl

PREMIUM TABLE PADS

- Features premium sewn and sealed boxed corners for a superior finished look
- Perfect for x-ray tables and stretchers
- Increases patient comfort and stability
- Available in universal lengths and widths to fit most standard imaging tables
- Made from radiolucent foam and material
- **Easy to clean and sanitize!**
- Available in three premium foam types
- Choose from Black or Blue comfort vinyl, or ultra-comfort memory foam with a premium 4-way stretch black fabric

WALL MOUNTED TABLE PAD RACK

Designed to work specifically with Techno-Aide grommeted table pads, this durable low-profile wall-mounted rack lets you quickly hang your table pad when not in use.
